from using federal funds in order to do that and again the
bill is to bring us into compliance with the federal regulat-
ions which under the federal laws we are not in compliance
why we run a chance of losing some 11 million dollars annually
in federal funds as well as being required to pay back the
3.6 million dollars of bonus payments and matching funds that
we have already received for outdoor advertising control that
took place prior to this time. I would hope that the body
would advance the bill so that we can stay in compliance, not
run the probability of loss of these substantial amount of
federal funds.

SENATOR BEUTLER: Senator Warner, I understand you have an
amendment to the bill. I think it would be well to take that
up at this time.

SENATOR WARNER: I have an amendment, it is a long amendment
Mr. Chairman, it is in the bill books, however all the amend-
ment does, there is another section 39-602 that is a definition
section and the last page of the amendments that is in your
bill books has the same language as is contained in LB 120
itself which amended another section and there needs to be. . .

sections. The amendment is no different than what the bill is
itself except it does amend another section that should be
amended. I move adoption of that amendment.

SENATOR BEUTLER: We are on the Warner amendment to LB 120.
Is there any further discussion on the Warner amendment to
LB 120? Senator DeCamp, did you wish to talk to the amend-
ment?

SENATOR DeCAMP: (No response).

SENATOR BEUTLER: In that case the question is the adoption
of the Warner amendment to LB 120. Those in favor vote aye,
those against vote nay. It takes 25 votes. Please vote.

CLERK: Senator Beutler voting yes.

SENATOR BEUTLER: Does anybody else wish to vote on the
amendment? Record the vote,Mr. Clerk.
